Niranjana G Yadav

PROFILE SUMMARY

Data Scientist with expertise in machine learning, data visualization, and driving business impact. Proven ability to extract insights from complex datasets, partnering with stakeholders to inform strategy. Proficient in Python, R, SQL, and data tools. Passionate about uncovering patterns and telling data stories to drive growth.

SKILLS

- Data Analysis & Visualization: Power BI, Tableau, Python, MY SQL, MS Excel.
- Business Analysis: Marketing Analytics, Competitor Analysis, Business Process Improvement.
- Programming Languages: Python, Java (OOPS).

EDUCATION

BACHELORS OF SCIENCE (Data Science) | M.O.P. Vaishnav College for Women

- Joint Secretary in DS Club (2025).
- Executive Member in DS Club (2024).
- CGPA: 8.8.

HSE (Class 12) | Dr.RadhaKrishnanMatricHr.Sec School

- School Pupil Leader.
- Overall best student in the Stream of Science.
- Scored 88%.

SSLC (Class 10) | Dr.RadhaKrishnanMatric Hr. Sec School

- School topper in SSLC (Rank 1).
- Student of the year award by LIC.
- Scored 95.6%.

CERTIFICATIONS

- Mongo DB | Mongo DB (2025).
- Financial Literacy | UNICEF (2025).
- Prompt Engineering in AI | ExcelR (2025).
- Digital Application Fundamentals - | STEM (2026) | Secured Gold Category with 97.39%

INTERNSHIP

Software Testing | SynapseSpark Software Private Ltd.

- Gained hands on experience in live projects, bug reporting, test case execution and understanding the importance of delivering quality software.
- Tools widely used during the testing are JIRA, Selenium, which bridge gap between automated testing and project management.

Digital Marketing | SynapseSpark Software Private Ltd.

- Gained practical exposure to digital marketing strategies, content planning, social media marketing, SEO Optimization and brand promotion.
- Studied Meta Campaigns execution, payment procedures and business account verification steps.

PUBLICATIONS

Artificial Intelligence in Drug Discovery: Transforming Pharmaceutical Research through Machine Learning and Deep Learning Approaches

- Explored the application of machine learning and deep learning techniques to accelerate drug discovery and pharmaceutical research.
- Analyzed the role of artificial intelligence in improving drug target identification, lead optimization, and predictive modeling.
- Presented and published the research paper at the **International Conference on Artificial Intelligence Trends in Biotechnology, Precision Medicine, and Biosciences** (ICAIBPB 2026), organized by the Department of Biotechnology, Prathyusha Engineering College, in association with the Biotech Research Society India.

STRENGTHS

- Strong Analytical Thinking.
- Attention to Detail.
- Process-Oriented Mindset.
- Proficiency in Sql and Data Tools.
